12/3/72 A special note of thanks for the great thoughtfulness of putting the BR/SU clips in chron order. Even if that is the order in which you clipped, it took abit of extra time I know you don't have and I do appreciate. I'd taken a walk for the first recent morning,it tired me, Lil was washing her hair, so I decided to do this, combining with my own that, fortunately, were in sequence. They merged easily. There just is no space here (in 5+ acres yet!) to spread anything out. Everything is overspread already. Even the tops of filing cabinets. I have a card table in the small office for preparing master for offset (aka optimism), so there is no room in the office even for a nice little rocker I have. Except in a corner for further stacking. There is a corner doorway, so behind it, because the door opens at an angle anyway, I have a 15" file cabinet that, used sideways, give me the equivalent of a legal-sized file cabinet. The answer here is often unreal: clip and file daily, lettng other things go. If I don t or can't, the file stays out of order until used...Interesting situation on all-news stations just noted while listening as I write. WTOP has just aired part of an interview with the President of Howard U. I heard the same thing, longer, from WBBM, Chicago, last night, about 11:30 and again from it about 5:50 a.m. There seems to be a number of services, Westinghouse for one, providing tapes by wire...We're celebrating your first full day of freedom with a SF or NO December. At a little after 11 a.m. it is 50° with a bright sun, yet there is snow on the ground. Remember those days? When you even saw snow? Reminds me that every time he sees me Sciambra says he has to come up when there is snow on the ground. He is graying but has never seen it. He wongt fly...If I haven't told you, the Ray habeas corpus is to be filed tomorrow. Bud and Jim are on a 7:45 plane. The only way Jim will make it is to not go to bed! I'll have some copies if you want, about 100 pp. I've arranged with two who have to copy and return to me for further use. If much is from F-U, there also is much tha t is not. It will not include exhibits, which couldn t be copied except for court and work use. I have an incomplete set, supposed to be completed, if you should later want any one. 3M hasn't gotten paper here YET. I've phoned thrice past week. Have you ever seen one of their commercials!!! Best,
